

ADA Paratransit Application

Yamhill County Transit Area (YCTA) offers Americans with Disabilities Act (ADA) Paratransit transportation to persons with disabilities or impairments who are unable to use fixed bus route services.

Those seeking Paratransit services are required to complete an application to determine eligibility. A person's eligibility is not based on age, personal finances, a disability or medical diagnosis by itself, inability to drive or availability or inconvenience of fixed route bus services.

Paratransit transportation is a door to door service. All vehicles are wheelchair accessible, and the service area is comparable to the designated service area of the YCTA's local fixed route bus service.
